

DR. BERTUCCI

MASTER COURSE
BY ALLERGAN

A handwritten signature in dark ink, appearing to read "V. Bertucci".

Expertise, education, and passion for his profession place Dr. Vince Bertucci at the forefront of the cosmetic industry. A respected board-certified dermatologist in Toronto, Canada with specialized training in dermatologic surgery and cosmetic procedures, Dr. Bertucci serves as the Medical Director of Bertucci MedSpa and provides the latest cosmetic procedures, such as BOTOX® Cosmetic, non-invasive body sculpting, hair transplantation, laser skin rejuvenation, and injectable treatments.

After earning his medical degree from the University of Toronto in 1989, Dr. Bertucci completed additional specialty training in Dermatology and Internal Medicine, as recognized by the Royal College of Physicians and Surgeons of Canada and the American Board of Dermatology. He then went on to complete further specialized Fellowship training in Dermatologic Surgery at the University of Toronto. Dr. Bertucci served as the Co-Director of Undergraduate Dermatology at the University of Toronto for over 10 years, where he was responsible for curriculum development and training medical students and doctors.

Dr. Bertucci is an elected Board Member of the Canadian Dermatology Association, and a member of the Executive Committee of the American Academy of Dermatology Advisory Board. Dr. Bertucci is the Supervisor of the University of Toronto Dermatologic Laser Surgery and Cosmetic Dermatology Fellowship. He was previously the President of the Canadian Society for Dermatologic Surgery and he is a member of the American and International Societies for Dermatologic Surgery. Dr. Bertucci was recently honoured to receive the prestigious Young Dermatologists' Volunteer Award from the Canadian Dermatology Association in recognition of his many volunteer activities.

In the medical community, Dr. Bertucci is a respected authority figure and sought-after lecturer for dermatology in Toronto. He was one of the first to administer BOTOX® in Canada for cosmetic purposes in 1995 and is now recognized as a leading BOTOX® injector. He has lectured throughout Canada, the US and in Europe on many topics in proper BOTOX® injection techniques. He is regularly asked to train other specialists and physicians on advanced injection techniques. Dr. Bertucci's advanced techniques and results were recognized across Canada when his patients were the first selected to appear in the Soft Lift advertising campaign for Allergan.

Dr. Bertucci has published several articles in peer-reviewed medical journals and is often quoted in print and television media on dermatologic and cosmetic surgery issues. He was recently appointed Contributing Editor of the prestigious Dermatologic Surgery journal. Dr. Bertucci also serves as a consultant dermatologist at Women's College Hospital in downtown Toronto where he runs both a skin cancer surgery and laser clinic.

Dr. Bertucci is trusted for his integrity and ethical approach to patient care. Dr. Bertucci's primary concern is the health of his patients and he is well-regarded for providing honest, straightforward information about cosmetic procedures and medical conditions and he will not recommend a procedure if it is unnecessary. He participates in many clinical research trials and regularly attends medical education conferences in order to provide his patients the latest advances in dermatology and cosmetic enhancement procedures.
